Education

Bachelor of Computer Science, Obour Institutes
Undergraduate.

2022 | Obour, Egypt

Professional Experience

Web development branch GDSC,
Volunteer Head Instructor

2023 | Delta University, Egypt

OIROV, Software team member

A student activity team for ROV (Remotely Operated Underwater Vehicle)

2022 | Obour Institutes, Egypt

Skills

JavaScript

C++

Python

Object Oriented Programming

With c++, pythons, and JavaScript

HTML & CSS

Networking

Linux Administration

Node.js

Database

With sqlite

Computer vision

With python openCv

Game developer

With python pygame

GUI

With python Tkinter

Ecmascript 2016

Typescript

Arduino and electronics

Problem Solving

Over 200 problem with contest rating 800

Profile

Learned Programming Languages: Javascript, Ecmascript2016, C++, Python, HTML&CSS (Markup-languages), Typescript, Arduino C.

Skills: Robotics, Networking, Computer Vision with Python (openCv), Problem Solving "Solved about 200 problem on Codeforces and Vjudge with contest rating 800", Web Development, Game Development With python (Pygame), Building GUI with Python (Tkinter), Building Databases with Sqlite and Python Sqlite, Electronics (NI Multisim, Protous), Linux Administration.

Competitions and Contributes: Huawei ICT Networking (Won a Bronze Medal on the National Stage), ICPC Obour Institutes Problem solving Local Contest (4th place), Geniuses Hub (With Robotic Vehicle Mine Detector Project), OIROV Team (Remotely Operated Underwater Vehicle)
